## President's Message

Eye care and treatment facilities in remote areas of Pakistan are very inadequate. Al-Shifa Trust has endeavoured to reach out to the far-flung rural areas to provide critical eye treatment to the people living there. According to the long-term vision of the founder of Al-Shifa Trust, Late Lt. Gen (Retd) Jehandad Khan, we are committed to establishing hospitals across every region of the country.

In order to fulfil this mission, Al-Shifa Trust has taken a major initiative and has launched three projects. The hospital at Gilgit should be completed by the end of next year while the one at Haveli Lakha will be completed by February 2026. Al-Shifa Trust has undertaken a bold initiative of building an eye hospital in Lahore. The Government of Punjab has given Al-Shifa Trust 8 acres of land at a premium site on a long-term lease. It will be the most modern hospital of the region which will provide quality eye treatment to about 25 million people living in and around Lahore.

We have a huge task of raising funds to meet this challenging requirement. Some of our donors have helped us to move this far. We hope that they will continue their support and more will come forward to help us. We have an ambitious goal and a noble mission to eliminate blindness in Pakistan.

My very best wishes and prayers for the donors!

# INAUGURATION OF PAKISTAN'S FIRST-EVER MOBILE EYE OPERATION THEATRE UNITS

Al-Shifa Trust has proudly unveiled Pakistan's first-ever Mobile Eye Operation Theatre Units, generously donated by Oil and Gas Development Company Limited-OGDCL as part of their CSR initiative.

Inaugurated in April 2025 in Fateh Jang, these Mobile Eye Operation Theatres (OT) will allow our community outreach team to perform cataract and other sight-restoring surgeries right within underserved communities. Each OT is equipped with two OT tables and full pre-op setups.

We extend a heartfelt thanks to OGDCL for this generous donation and look forward to transforming lives together through the gift of sight.

## NEW CHAPTER - AL-SHIFA TRUST EYE HOSPITAL, LAHORE

Al-Shifa Trust Eye Hospital is set to build South Asia's largest eye care facility in Lahore. The Punjab government has allocated prime land for the project, which aims to provide eye care services to millions of underprivileged patients.

Major Gen. (Retd.) Rehmat Khan, President Al-Shifa Trust, announced that the hospital will cater to 2,000 OPD patients daily. The facility will include consultation rooms, surgical theatres, eye diagnostic centre, inpatient wards for 250 patients, and more. He praised the Government of Punjab for their pivotal support in granting 64 Kanals of prime land on the Ring Road near Ada Plot, Raiwind, emphasizing the collective efforts behind this humanitarian initiative.

## TEAM AL-SHIFA VISITS THE UNITED STATES FOR STRENGTHENING GLOBAL COLLABORATIONS

A delegation from Al-Shifa Trust recently visited the USA to build partnerships and share updates on our work in eye care and medical research.

The delegation included Maj Gen (R) Rehmat Khan, President Al-Shifa Trust; Prof. Dr. Wajid Ali Khan, Chief of Medical Services; and Prof. Dr. Ume Sughra, Director of Research and Clinical Trial Units. They participated in the 48th APPNA Convention held in Dallas, Texas, alongside Mr. Nasruddin Rupani, President of Al-Shifa Institution of Eye Care (ASIEC). Both Al-Shifa Trust and ASIEC teams jointly hosted a booth at the convention to showcase ongoing and future projects. We were also honored to have Mr. Rizwan Saeed Sheikh, Pakistan's ambassador to the US, with us.

Dr. Mazhar Jaffry, President & CEO of Revival Research Institute LLC, warmly welcomed the Al-Shifa Trust delegation during their visit to Michigan, recognizing their contributions and strengthening international collaboration in healthcare research. In Michigan, our team visited Eversight, where they met with key cornea donation partners, Mr. Collin Ross, Vice President of Global Development, and Mr. Michael Titus, Senior Vice President of Clinical Operations. They also visited the Kellogg Eye Center and Ibn Sina Foundation to explore further collaboration opportunities.

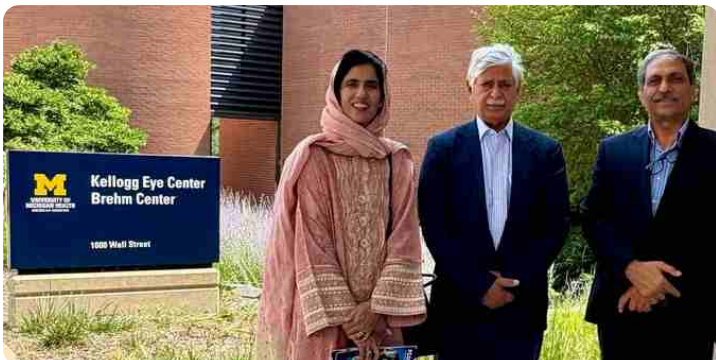

President Al-Shifa Trust, Maj Gen (R) Rehmat Khan extends heartfelt thanks to Mr. Terry M. Shaikh and Mr. Zia Butt, renowned businessman from the USA, for their invaluable support of Al-Shifa's mission.

The visit concluded with an exclusive dinner in Dallas, hosted by ASIEC and Al-Shifa Trust, bringing together key partners and supporters to celebrate and reinforce shared goals.

# TRI-PARTY MOU WITH REVIVAL RESEARCH INSTITUTE AND IBN SINA FOUNDATION IN DETROIT, MICHIGAN

Al-Shifa Trust signed a Tri-Party MoU with Revival Research Institute and Ibn Sina Foundation in Detroit, Michigan with the goal to strengthen global research collaboration. The MoU was signed in a formal ceremony attended by representatives and leadership from all three organizations. The partnership aims to foster collaborative research in various fields of healthcare, with a particular focus on innovation, clinical trials, training, and knowledge exchange between institutions in the United States and Pakistan.

Speaking on the occasion, Dr. Mazhar Jaffry, President & CEO of Revival Research Institute said, "We are honoured to be part of this tri-party collaboration. Combining our strengths will accelerate medical breakthroughs and help build research capacity across borders."

Dr. Irfan Amin, Director Research & Department of Ibn Sina Foundation, added, "This partnership is a milestone in our mission to expand global health research initiatives. By working together, we aim to bring high-quality research opportunities to underserved people and regions while contributing to the global scientific community."

President of Al-Shifa Eye Trust, Maj Gen (Retd) Rehmat Khan, shared, "Al-Shifa has long been committed to both service and science. This agreement allows us to expand our impact by connecting with international experts and participating in transformative research."

Key objectives of the MoU include:

- Facilitating joint research projects and clinical trials.
- Providing training and capacity building for medical and research professionals.
- Promoting knowledge exchange and scientific publications.
- Strengthening healthcare outcomes through evidence-based innovation.

All three organizations look forward to fruitful outcomes that will benefit communities locally and internationally.

Affiliations & Notes Article Info

A 3-year-old boy presented with double crystalline lenses in the left eye since birth, as revealed on slit-lamp examination (A). The cornea had the following diameters: vertical 11 mm, horizontal 14 mm. Fundus photography showed generalized retinal atrophy (B). Keratometry readings in the left eye were 35.75 diopters at 180 degrees/36.50 diopters at 90 degrees, and axial length was 21.80 mm. The right eye was normal. Fixation was central, steady, and maintained in the right eye, whereas the left eye exhibited poor fixation. Lamectomy and implantation of a 3-piece foldable intraocular lens (+23.0 diopters) were performed (C, D). (Magnified version of Figure A-D is available online at [www.aaojournal.org](http://www.aaojournal.org)).

# Rare Surgery saves little Afghan child's sight

Seven-year-old Basmina was diagnosed with a tumour in her eye. Unfortunately, the delay in treatment led to the loss of her one eye, requiring surgery. Seeking treatment, she travelled all the way from Afghanistan to Al-Shifa Trust Eye Hospital, Rawalpindi.

The competent team of doctors at Al-Shifa Trust took her case hands-on and made all possible efforts to save her eye. She is now undergoing chemotherapy in an effort to preserve her remaining eye. Your generous donations can save Basmina from plunging into the world of darkness.

**Al-Shifa Trust is honoured to receive the prestigious ‘Insaan Dost Award’ presented by the International Media Forum in collaboration with Fast University, Pakistan.**

**The award was given to Al-Shifa Trust in recognition of our commitment towards serving the community.**

# NEW INITIATIVES

## NEW OPD BLOCK AT AL SHIFA TRUST EYE HOSPITAL RAWALPINDI

A new Outpatient Department (OPD) block has been planned to accommodate the increasing number of patients seeking our specialized care. The project's estimated cost is 1 billion PKR, with a covered area of 120,000 square feet, equipped with state-of-the-art infrastructure. Al-Shifa Trust is reaching out to philanthropic individuals and organizations to join hands and contribute to this initiative and help us continue providing accessible advanced eye care services to those in need.

## NEW EYE HOSPITAL IN GILGIT

Al-Shifa Trust is building a new eye hospital in Gilgit. The land for this hospital has been generously donated by the Government of Gilgit-Baltistan. The groundbreaking ceremony of the hospital was held in July 2024. The Rupani Foundation has committed to contributing 50% of the construction cost. Another potential donor has also pledged 40 Million PKR towards the project. An additional 90 Million PKR and 100 Million PKR are required for the completion of the construction and equipment, respectively.

## CONSTRUCTION OF EYE HOSPITAL IN HAVELI LAKHA

A generous donor of Al-Shifa Trust has donated land for a new eye hospital in Haveli Lakha, a city in Depalpur Tehsil of Okara District. The new hospital is strategically placed to serve newer communities that are currently at a greater distance from Al-Shifa's seven operational hospitals.

## AL-SHIFA TRUST EYE HOSPITAL IN LAHORE

Recognizing Al-Shifa Trust's excellent reputation in Pakistan, the Government of Punjab has granted a 64-kanal land for the construction of Al-Shifa Trust Eye Hospital in Lahore. We are currently accepting donations for this new project.
